Challenge the laws of time with

INFINITY

FUTURE |N|G|E| TECHNOLOGY

NEUROCOSMETICS

The skin is connected to the NERVOUS SYSTEM from the start, as they are both created in the same embryonic layer. It has an infinity of nerve endings that send signals to the brain via neurotransmitters, to which the brain responds. **NEUROCOSMETICS** acts on the nervous system, counterbalancing negative stimuli to prevent the appearance of all signs of aging.

GENOMICS COSMETICS

Genetic information (DNA) determines how our skin ages, but as time passes, by and due to external factors, this information becomes damaged, accelerating the appearance of the signs of aging. **GENOMICS COSMETICS** protects the DNA and prevents those damages, keeping the skin younger for longer.

EPIGENETICS COSMETICS

Epigenetics has proven that the action of our genes is closely linked to the appearance of our skin, as the activation and regulation of processes key to keeping it in perfect condition depend on it. For this reason, **EPIGENETIC COSMETICS** act on the genes to make them work like they do in young skin, prolonging its youth.

INFINITY BEAUTY PLAN PREMIUM

+45

Unique collection with **ultra-rejuvenating action** that fuses **neurocosmetics, genomics, epigenetics, chrono-cosmetics, wellness and regenerative cosmetics.**

Smart and **sensory treatment** with futuristic technology fights aging in a holistic way providing an intense feeling of **well-being.**

ACTION:

- Protects DNA by preventing the shortening of telomeres.
- Multiplies the benefits of a good night's sleep on the skin.
- Stimulates the synthesis of serotonin, the so-called "hormone of happiness".
- Restores skin firmness and fights flaccidity.
- Softens involuntary facial contractions caused by chronic stress on the skin.
- Improves cellular processes, enhancing the repairing, regenerative and energetic abilities of the skin.

RESULTS:

- Stops the aging process, preventing the signs of aging from appearing.
- Fades dark circles and reduces eye bags. Face intensely relaxed.
- Relaxes the face and reduces wrinkles.
- Redefines the facial contour.
- Eliminates wrinkles and expression lines and prevents their appearance.

CORPORAL PROTOCOLS FOR A PERFECT BODY

“State-of-the-art cosmetic product taking another step forward with the Triple Action Beauty Program”

“FAT BURNING” ACTIVE INGREDIENTS

The active ingredients in the PROFESSIONAL BODY SYSTEM work directly on accumulated fat deposits in the adipocyte breaking them down and contributing to their elimination (lipolysis). Furthermore, it prevents the accumulation of fat in the adipocyte (lipogenesis) and inhibits the proliferation of new fat cells.

DRAINING ACTIVE INGREDIENTS

The active ingredients in the PROFESSIONAL BODY SYSTEM improve the microcirculation of the blood and thanks to their draining effect, they prevent the retention of fluids.

FIRMING ACTIVE INGREDIENTS

It is essential to combine reductive treatments with firming sessions due to the reduction of the fatty tissue. The innovative firming active ingredients, rich in amino acids and vitamins, act on the collagen and elastin avoiding deterioration and reinforcing them. As a result, the skin is firm and toned, preventing the loss of skin tone.
